4801 - 7pin 7512 S3 Series Electronic Bilge Switch
4802 - 7pin 7524 S3 Series Electronic Bilge Switch
S3 Series Electronic Bilge Switch

Use S3 Series Electronic Bilge Switch for low water level detection, or prevent damage to your boat by detecting high water levels. S3 Series Electronic Bilge Switch is a new, advanced technology to detect high water levels. It features a built-in microcontroller that monitors the water level in the bilge and automatically shuts off the bilge pump if the water level rises above a set point. It also features a built-in LED indicator that lights up when the bilge pump is running. The S3 Series Electronic Bilge Switch is compatible with all competitive products. S3 Series Electronic Bilge Switch comes equipped with a 5 year warranty. More importantly, this

All-Deck Shower

Corner with 9" base, stainless steel hot water mixing cartridge. Fits over inboard freshwater system for showering.

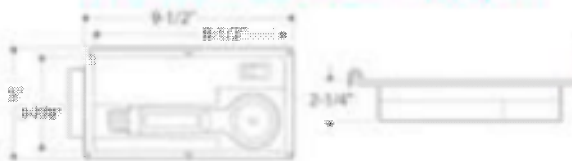

4131 All-Deck Shower - Hot / Cold
