XXL	193	91	124-130	112

Chest / Bust circumference

Measure the circumference exactly under the armpits holding the tape steady at one point. For the bust line measure at the level of the largest circumference.

Waistline

Measure around your waist holding the tape steady at one point.

Inside leg length

Use a similar pair of trousers that fits you well and place it on a surface making sure that it does not fold or crease anywhere. Measure along the inner seam of the trousers from the crotch to the leg cuff.

Remember: the length has to reach the end of your feet when you bend your knees !

Take good care of your sailing gear to ensure a long life

- Rinse your outfit in "fresh" water after each trip. Salt might dry out in the pores and hinder the garment from "breathing"
- Clean stains of dirt by hand with a soft sponge and low spin powder detergent
- Do not use strong detergents, bleach or fabric conditioners
- Do not tumble dry and hand wash separately. Do not wash in the washing machine
- Machine wash and the use of fabric conditioners will affect the coating of your garment and it might not be possible to restore the initial water repellancy and waterproofness
